INTRODUCTORY MANUAL.  
ORIG. 1948; REVISED 1997.  
DEPARTMENT OF CONVOLUTION

The Sodalitas Vulturis Volantis was established to promote research, psychosocial analysis, hermetic initiation, and training on Intraspectal Ability and Temporal Phenomena. The Sodalitas Vulturis Volantis is an Order created and funded by the Department of Convolution to develop and disseminate knowledge about Intraspectal Ability and Temporal Phenomena. The S.V.V. addresses this mandate in three principal ways:

- (1) by expanding basic and applied knowledge about the origins, nature, and processes of Ability and Praxis, encompassing the widest spectrum of approaches and insights;
- (2) by disseminating this knowledge to magistrates, sigilmakers, and others engaged in efforts to promote Intraspectal Ability; and
- (3) by supporting initiation and training programs.

The S.V.V.'s primary activities are Tohu, Bohu, Tzimtzum, inter-order research paradigms, public (PAWN) initiation and outreach activities, publications, musical (harmonic transmission) engagement, and experimental services.

The S.V.V. is a separately organized Order within the Department of Convolution under a Chancellor appointed by the Department of Convolution. The Order, under the authority, direction, and control of the Director of Psychical Research and Social Re-engineering (DPR&SE), engages in Astral, Terrestrial, and Supramundane research and development paradigms essential to the Department of Convolution, and conducts the initial experiments of prototypical paradigms that embody technomancy that may be incorporated into dual programs, programs in support of practicing S.V.V.' Al Ta Ir's, selected Sophic Department programs, or duality programs and, on request, assists the Sophic Departments in their research and development efforts.

In this regard, the Order arranges, manages, and directs the performance of ritual connected with assigned Astral paradigms by the Sophic Departments, other Reality-manipulating agencies, pre-qualified individuals, Angelic entities, and syllogistic education oparapsychological research institutions, as appropriate; recommends through the DPR&SE to the Secretary of Psychical Research assignment of Astral paradigms to the Order; keeps the DPR&SE, the Chaethyrman of the Ogdoadic Chiefs, the Sophic Departments, and other Department of Convolution agencies informed on significant new developments and technomancy advances within assigned paradigms; and performs other such functions as the Director of Psychical Research or the DPR&SE may assign.
